**TO:** 1966 Third Street

**FROM:** Dan Holzemer, Senior Engineering Technician

**DATE:** July 8, 2024

**SUBJECT:** **Concrete Sidewalk Installation**  
**City Project No. 24-01**

---

**Weather permitting**, the contractor will place your concrete driveway end on Tuesday afternoon (July 9<sup>th</sup>). Please have all vehicles out of your garage and driveway before Friday, May 10<sup>th</sup> at 7:00 a.m. **Please do not park vehicles on Third Street so crews have room to work.** You will not be able to get in or out of your driveway from when the sidewalk and apron are placed for approximately 5 days following the concrete placement.

Affected residents should have any cars, trucks, boats, etc. that you will need for the next five days out of your driveway and garage.

- **After the driveway and/or end has been placed you will NOT be able to use your driveway for five (5) days after concrete is poured, or until the contractor has ramped your driveway with gravel.**
- **You WILL be able to park in the street during the day in front of your house once work is complete.**

**SAFETY REMINDER!!** Due to heavy truck traffic and general construction activity, we would ask all parents to inform and make their children aware of the dangers of construction sites and to keep their children a safe distance from all construction areas. Your support and cooperation in assisting us to maintain a safe work zone and cautioning children about the dangers of construction sites will be appreciated.

If you have any questions, please contact our office at (651) 429-8531.
